The Rocky Mountain Chapter of NASTT is accepting applications for 2022 Project of the Year. The awards for rehabilitation and new installation will be presented at the 2022 Trenchless Elevated Conference on October 19, 2022. <http://www.rmnaastt.org/trenchless-elevated.html>

Projects submitted for consideration as project of the year must be located within the Rocky Mountain Region, utilize at least one form of trenchless technology, and with the trenchless portion substantially completed between December 1, 2019 and June 30, 2022.

If you have an interesting project that meets these criteria and would like to submit an application for the project of the year award, please complete the following form. Please submit a project brief with your application. The project brief is to be maximum 5 pages including photographs.

Following the **application deadline of September 2, 2022**, an independent review panel, made up of industry professionals, will review the submissions and make an award selection by Mid-September. Our judges evaluate submissions based on level of difficulty/project-specific challenges, innovation/unique application of the technology, advancement of the technology, and technical excellence.

Please submit your application no later than close of business Friday, September 2, 2022 to info@rmnaastt.org
